

UltraTape

Adhesive Tapes and Labels for Critical Environments

UltraTape's environmental health and safety tapes were designed to keep your employees and your workplace safe.

- **Striped Overlaminated Floor Marking tape designates OSHA critical areas in your cleanroom.**
- **Solid Color Overlaminated Floor Marking tape to designate aisles and areas within the factory or warehouse.**
- **Custom Floor Marking shapes for creating pathways and labeling.**
- **Anti-Skid Tape prevents slipping in wet areas.**
- **RoHS Certified Vinyl Tapes with low unwind strength.**
- **Available in UltraClean where each roll is processed through our clean manufacturing process, individually inspected and individually wrapped in cleanroom polyethylene bags; and then double bagged in packs or available in a Standard version for use in less critical environments with single bag packaging.**

Environmental Health and Safety

UltraTape 1185

This solid color tape is a vinyl film overlaminated with a durable polyester film to withstand heavy traffic. It adheres well to all surfaces and has a durable finish for floor marking. The tape will last for months or even years depending on traffic and conditions.

Colors: Blue (BL), OSHA Blue (OB), Green (GR), Orange (OR), Red (RE), White (WH), and Yellow (YE).

UltraTape 1165

This tape, available in the OSHA hazard warning striped colors, is a vinyl tape overlaminated with a durable polyester film to withstand heavy traffic. It adheres well to all surfaces and has a durable finish for floor marking. Tape will last for months or even years depending on traffic and conditions.

Colors: OSHA colors: black/yellow stripe (BY), black/white stripe (BW), green/white stripe (GW), red/white stripe (RW).

UltraTape 1167

Anti-skid tape specifically for cleanrooms. It consists of 3 components: The embossed vinyl, the overlaminate, the adhesive and a removeable polyethylene liner. Tape does not contain sand and is available with a paper liner, which reduces the potential for contamination. Once applied, tape stays intact for years without replacement.

Colors: Black (BK).

UltraTape 0421 and 0422

Non-adhesive caution barricade tape made with polyethylene film and printed with easy-to-read letters. UltraTape 0421 is a yellow tape printed with "CAUTION" and 0422 is a red tape printed with "DANGER." These barricade tapes are used to section off dangerous areas from general access and are reusable. Custom film colors, message and print color are available.

Colors: 0421 Yellow with black print, 0422 Red with black print.

UltraTape 0425

Floor marking/hazard warning tape specially created for glass flooring. This product is designed with adhesive on the print side so that it can be placed under a glass floor. It has permanent adhesive for long life.

Colors: Black and yellow stripe (BY).

Ask about custom floor marking shapes.
