

UltraTape

Adhesive Tapes and Labels for Critical Environments

UltraTape offers a number of Cleanroom Certified specialty tapes that can be customized to meet your application. From our serrated Kwikrip[®] tape to our unique Tamper Evident Security tapes we have a solution that will meet your specifications.

- **Super-Tack[®] Kwikrip tape where you need a strong adhesive bond that leaves no residue upon removal and is serrated for ease of use.**
- **Our Tamper Evident Security tapes and labels are designed to seal packages, identify tampering and protect unattended cargo. Hidden message is revealed when seal is broken or security tape is removed..**
- **UltraTape offers a variety of double sided tapes and labels including those on a foam backing for a variety of uses.**
- **Our Kapton[®] and Teflon tapes and labels are ideal for your high temperature applications.**
- **Available in UltraClean where each roll is processed through our clean manufacturing process, individually inspected and individually wrapped in cleanroom polyethylene bags; and then double bagged in packs or available in our Standard version for use in less critical environments with single bag packaging.**

Model	0151	1410	2156	7245
Backing	Polyethylene	Closed Cell Polyethylene Foam	Polyimide	Polyester
Adhesive	Rubber	Rubber Double Sided	Silicone	Teflon
Total Thickness	7.0+/-1.0 mil	1/8 inch	2.7 mil	6.5+/- 0.6 mi
Adhesion to Stainless Steel	40 oz/inch minimum	25 oz/inch minimum	25 oz/inch minimum	32 oz/inch minimum
Operating Temperature	-20 to +200 F	up to +150 F	Up to +550 F	Up to +500 F
Elongation at Break	80%	N/A	60%	N/A
Tensile Strength	18 lbs/inch	20 lbs/inch	23 lbs/inch	18 lbs/inch
Length	36 yards	54 Feet	36 yards	36 yards

Specialty & Dispensers

UltraTape Tamper Evident No-Rez

No residue and nonparticulating blue labels available in 1"x3" and 1"x6" and blue tape in 1" and 2" widths. Excellent for use inside the cleanroom. The Tamper Evident, self voiding labels and tape provide containment, identity and chain of custody. Security label features include self-voiding, hidden message that is customizable.

Colors: Clear (CL).

UltraTape Tamper Evident SecureTrac™

SecureTRAC red tape in 2" and 3" widths is intended to be tamper evident by displaying an "OPENED" or "VOID" message on the substrate when removal is attempted or completed. Apply a uniform pressure on the tape and allow a dwell time of between 5-15 minutes to fully develop adhesion properties. This will assure the hidden message appears both on the target surface (i.e. box, container, bottle) and on the tape substrate upon removal or attempted removal.

Colors: Red (RE).

UltraTape 1310 Surface Protection

Surface protection tape is designed to provide maximum protection for all surfaces whether painted, mill finished or polished. Use on stainless steel, glass, aluminum, coated metals and plastics. Excellent outdoor performance.

Colors: Translucent Blue.

UltraTape 1410 Double Sided Foam

This is a 1/8" thick closed cell polyethylene foam double-sided tape with a blue polyethylene liner. Clean polyethylene foam for a variety of uses during construction and maintenance. Use for connecting sheets of plastic for temporary cleanroom walls, repairing pass-through windows, sealing cleanroom ceiling tiles, and for solar panel construction.

Colors: White (WH).

UltraTape 2156 High Temperature Teflon

This high temperature tape provides outstanding tensile strength and thermal endurance at elevated temperatures up to +500 F. The product is designed to bond to silicone substrates as well as other difficult-to-bond-to surfaces.

Colors: Bronze.

D922: Single Roll Dispenser and D924 Multiple Roll Dispenser

D922 is designed to hold one roll up to 2" in width and 220 yards in length with a 3" core. The dispenser is supplied with a 3" plastic core holder. The D924 is designed to hold four rolls up to 1" in width and 220 yards in length with a 3" core. The dispenser is supplied with four 3" plastic core holders.

Colors: Blue (BL).

D962 Stainless Steel Dispenser

Made from industrial 304 grade stainless steel with a mounting bracket on the bottom. It is corrosion resistant and the replaceable serrated blade is electroplated chrome buffed to a dull shine.

Colors: Gray (GY.)
