ULTRATAPE EXPANDS ITS LINE OF SECURITY AND TAMPER EVIDENT ADHESIVE TAPE AND LABEL PRODUCTS

Wilsonville, OREGON August 24, 2018 UltraTape, a division of Delphon and leading supplier of cleanroom tape, custom labels and graphic overlays, has recently expanded its tamper evident tape and label offering.

UltraTape's tamper evident tape and label products are ideal for authentication, theft reduction and protection against counterfeiting and piracy. These self-voiding products, commonly used for healthcare/pharmaceutical applications, are available in a variety of adhesive/backing combinations as well as colors. They can be made with a special "void" or "opened" message that appears upon removal or can be customized with additional features specific to a customer's authentication program.

UltraTape offers an irradiated version of entire line of tape and label products for use in critical medical and pharmaceutical environments. These products are processed in a

class 10 cleanroom environment and help limit particulate and bio-burden counts. All of UltraTape's irradiated products come with full certification and lot traceability.

Background:

Located in Wilsonville, Oregon, UltraTape, a division of Delphon, manufactures high quality cleanroom tapes, labels and graphic overlays for critical environments. The ISO certified company maintains a cleanroom manufacturing facility to assure particle-free and residue-free products that meet even the most stringent standards. UltraTape specializes in material development in order to customize products to meet customer specifications.
