FOR IMMEDIATE RELEASE  
9 A.M. EDT, March 5, 2009

### **UltraTape Announces the Expansion of their Engineering Metrology Lab**

March 5, 2009. UltraTape Industries a division of Delphon and the premier supplier of Cleanroom tape and labels to the Semiconductor and Medical industries, has made additional investments in its quality control and development labs. The expansion was part of the company's ongoing effort to become the highest quality tape and label supplier in the market. The expansion also ensures the company's continued ISO, REACH and RoHS compliance.

The implementation of new metrology equipment, specifically designed for UltraTape to monitor the adhesion properties and cleanliness of its cleanroom tape and labels, will assure that the company can meet the demanding requirements of the Medical, Pharmaceutical, Semiconductor and Data Storage industries. "The new expansion will enable UltraTape to not only assure our current products meet customer specifications but will also accelerate the develop of new materials" said Keith Taft General Manager of UltraTape. Additionally, as a division of Delphon Industries UltraTape can tap into technology of its other

divisions such as Gel-Pak with over 30 years developing products for the Medical and Semiconductor industries.

**Background:**

UltraTape, founded in 1992 and purchased by Delphon Industries in 2007, manufactures particle-free, residue-free adhesive tapes and

labels for the semiconductor, pharmaceutical, aerospace, medical and electronics industries.

**About Delphon:**

UltraTape is a division of Delphon Industries, LLC. Delphon's mission is to provide materials and services for the shipping, processing, and packaging of high value technology and medical components. Headquartered in Hayward, California, CEO Jeanne Beacham has aggressively positioned Delphon to take advantage of changes within the industries the company serves.

With Divisions Gel-Pak, Quik-Pak, TouchMark and UltraTape along with a worldwide sales and distribution network, Delphon Industries serves a wide range of markets including the Semiconductor, medical device, Opto-electronics, automotive, MEMS, and defense industries.
